

2016-2017 FIWT Education Contest

The Education contest this year will help each local association have a step up on education.

Whether you wear flats, heels, or tennis shoes everyone needs education. If you are grandfathered on your license and still working in the industry, you are aware that insurance changes daily. You need to be a step ahead of your competitors to help your insureds. I encourage you to please let me know if you are in need of CE credit classes or Non CE classes for your local. With our networking system we can help you with this problem. And if you wish I can help spread the word your local is holding a class there may be possible a Member at Large or a new member who might need a few hours to finish out the year.

The point system is very simple. The local association with the most hours will a \$100 CASH PRIZE. If you hold a 1 HR CE, you get 1 point, if you hold a 2 HR CE you get 2 points, etc. If the class is a FIWT class or a class by one of our industry members (list of Industry members is on website), you will get 5 extra points. For example, if you hold a 2 hr Ethics class held by an FIWT instructor then you get 7 points for your local. Please have your Education chair in the local record the classes and total on the contest form attached.

This form is due to me by September 30, 2017.

You may contact me with any questions- cjordan@bigwf.com or 940-636-9756.

Thank you,

Cindy Jordan, ACSR, CAM

2016-2017 FIWT Vice President

North Texas Insurance Professionals
